

Introducing the Build Your Own Ladies' Day Kit!

What if planning a meaningful Ladies' Day did not mean starting from scratch?

Our new **Build Your Own Ladies' Day Kit** has already been used successfully by churches across the Americas, equipping women to host Christ-centered events that encourage, inspire, and strengthen faith. Whether your congregation is large or small, this flexible kit makes it easy to plan a Ladies' Day that fits your church's unique needs.

We're excited to make this practical resource available to even more churches. The downloadable kit includes everything you need to get started: two lesson outlines, small group discussion questions, sample schedules, planning tips, promotional graphics, and more. You will have the tools you need while still making the event your own.

Watch the video above as Michelle shares more about the theme, "**If Jesus Met Me for Tea...**", and how this **Build Your Own Ladies' Day Kit** can help you create an encouraging and memorable experience for the women in your church.

Visit our online store to learn more and get your [Build Your Own Ladies' Day Kit](https://IronRoseSister.com) today!
